The City of Austin has received a request to name a portion of an unnamed right-of-way in the Shadowridge Crossing Section 12 subdivision to Waters Way. The subdivision is generally located on F.M. 1826 between Slaughter Lane and U.S. Highway 290 West. The street intersects the end of Dark Valley Cove and extends approximately 250 feet to the east. The right-of-way was dedicated during the platting but was not named. This has caused problems for the property owner who uses the road. Naming the street will allow it to be placed on maps, resulting in more accurate routing for services. A public hearing is required because there is not unanimous support by the neighborhood residents for this change.

CTM addressing, APD, Fire and EMS concur with naming the street for better public safety response.

Staff has determined this request to be consistent with the City's codes and policies and recommends passage of the ordinance.
